WANT A BROOKLYN LAWYER

Bar Association Requests President Taft to Appoint Local Man as U. S. Judge.

The Brooklyn Bar Association has come out in favor of the appointment of a Brooklyn lawyer as judge of the new Federal court in the Eastern district of New York.

The resolutions to that effect, which were not adopted by a unanimous vote, will be forwarded to President Taft and Attorney General Wickersham.

They respectfully request that such appointment be made from the members of the bar of Kings county, since the larger part of the business transacted in the court originates in this county and it would conserve the interests of justice to have as United States judge a man known to the members of the local bar.

MRS. EDDY'S SONS UNDECIDED.

Haven't Made Up Minds About Burial Place or Will Contest.

Boston, Dec. 10. What the final disposition of the body of Mrs. Mary Baker Eddy will be still remains unsettled but every effort is being made by the directors of the Christian Science Church to get the consent of George W. Glover, her only son, and that of Dr. Ebenezer J. Foster-Eddy, her son by adoption, to allow them to bury her in Mount Auburn cemetery.

It is thought that a decision may be arrived at on Monday and the church leaders are confident that the two sons will acquiesce in the arrangement they have made.

Mr. Glover, his son and daughter and Dr. Foster-Eddy went to Portsmouth, N. H., this afternoon to remain over Sunday as the guests of John W. Kelley, one of their counsel in the Equity suit of the "next friends" at Concord three years ago. The party will return to Boston on Monday.

Frederick W. Peabody, also one of the lawyers in the New Hampshire suit had an hour's talk with George Glover and Dr. Foster-Eddy today. Mr. Peabody said afterward that he advised the relatives to contest the will, which disposes of about \$1,000,000 without naming them, on the ground that Mrs. Eddy was not competent to execute it, and that he believed the gift of her fortune to the Christian Science Church was invalid. He mentioned a decision by the Pennsylvania Supreme Court as a case in point.

Mr. Glover is giving the whole matter very serious consideration, said Mr. Peabody. "He will remain here until his mother's will is offered for probate, so that he can inform himself of its exact contents," E. Foster-Eddy, Mrs. Eddy's adopted son, is acting with George W. Glover and they are in perfect harmony.

NEAR A BATTLE IN CHIHUAHUA. Mexican Insurrectos Take Ojinaga. Say Their Cause Is Gaining.

El Paso, Dec. 10. No battle has yet taken place in the mountains of Chihuahua, where Mexican regular troops are surrounding insurgents. The forces are within twenty-five miles of each other, near Santa Isabel, west of Chihuahua. The regulars have rapid fire guns and mountain field guns, while the insurgents are armed only with rifles, but they are armed well. Many regular troops have deserted to the insurgents.

Reports from Alpine and Marfa, Tex., are that Ojinaga across the main line has fallen into the hands of the insurgents. They took the town to-day without loss of life. Revolutionary agents at Marfa and Alpine today made no pretense of hiding their identity and declared that their cause was advancing faster than they had supposed it would.

Civilian Luther E. Kilworth of Ciudad Portillo, Diaz, Mexico, who is making investigations there for the State Department, is quoted as saying that "the revolutionary movement in Mexico, and especially in the State of Chihuahua, is more serious than imagined."

Georgia Delegation for Champ Clark. WASHINGTON, Dec. 10. The Georgia delegation in the House of Representatives held a meeting to-day and endorsed Representative Champ Clark of Missouri for Speaker.

The Kentucky delegation held a meeting, that is, all of the Democrats, and endorsed Mr. Clark. The only dissenter was Representative Sherley, who has aspirations in that direction himself.

This sentiment in the House for the election of Mr. Clark seems to be almost unanimous.

Unusual values in BAR PINS at E. M. Gattle & Co. and the reasons

Last week's announcement of the exhibit and sale of a limited number of especially made Bar Pins resulted in the depletion of the stock of these Bar Pins to such an extent that overtime work in our factory has been necessary during the past week.

Our assortment will again be complete, beginning Monday, and we advise that you make an early selection.

By way of explanation.

Before sending a notice to our customers some weeks ago, assuring them that any purchase made here represented "the best quality goods at lowest prices," we proved our claims by comparing our stock with jewelry on sale at other stores.

This comparison included special investigation of the most popular jewel piece of the season, "Bar Pins," which resulted in our deciding that, in addition to carrying our regular stock of ready made Bar Pins, priced right, we would compete with the quality and price of ready made goods of other houses by offering a superior article of our own manufacture at the same price.

We agreed on a number of models submitted by our designers. Our expert jewelers were given these accepted models to make. They were instructed to produce a number of Bar Pins noticeably better in material and workmanship than those found on sale in other stores, and to be offered for sale at the same price.

MONDAY WE PLACE ON EXHIBIT AND SALE the completed stock of Bar Pins—all in the newest style mountings (scroll, caboché, etc.), with All Diamonds, and Diamonds with Sapphires, Rubies, Emeralds and Pearls.

WE LEAVE YOU TO INSPECT, JUDGE AND COMPARE THEM WITH ANY OFFERED ELSEWHERE. This refers especially to the quality at the price.

These Bar Pins, made by our jewelers in our workrooms, are in every way superior to ready-made Pins—and we have eliminated the manufacturer's profits.

The prices range from \$25 to \$600
